

Christ-centered Homes for Birthmothers and Their Children

---

May, 2009

Dear Faithful Supporter,

When you think of your mom, what comes to mind? Hopefully a warm feeling and a smile on your face. Being a mom is one of the hardest jobs in the world...and notice I said being a mom. Being a “good” or even a “great” mom is even more difficult. Maybe that is why we honor Mothers in the month of May.

As you think of how to honor your mother this upcoming Mother’s Day, consider all the young women out there who don’t have loving, supportive mothers. Many of the mothers of our residents have so many of their own issues that they cannot be the mothers their daughters need.

**House of His Creation serves as the mother figure that these young girls need...a mother who loves them unconditionally and is there with outstretched arms when bad choices are made.**

Often times our girls are looking to their children to love them. Because they have not felt the warm love of a mother in their lives, they are hoping this child will provide them with love. While they are with House of His Creation, they are able to experience the love they desire and in the proper order. A newborn baby does not provide love, but rather the opportunity for you to provide love.

The example set by the Housemother is one of loving the child unconditionally. The family model is very distorted in the world today. The support you provide to HOHC allows us the opportunity to teach and live out the family model that God has designed. Often times the changes in the lives of the girls is subtle. We know that we are not only impacting the lives of our girls, but the lives of the children and future generations.

**We need you to help us at House of His Creation as we serve these young mothers.** Our mission is to provide restoration, hope, and service to single young birthmothers and their children through Christ-centered homes.

**Would you please consider giving House of His Creation a special gift in honor of Mother’s Day?** Whether you can give \$50, \$500, or \$5,000, your generosity will help us continue to serve these young mothers and their children.

Serving mothers and children for Christ,

Matthew T. Neff  
Executive Director
