Thank You!

HOHC would like to thank Dave Register and company for helping to split wood at our Coatesville House on occasional Saturdays.

The Coatesville House is heated by an outdoor wood furnace, which heats the entire house and its water, but requires lots of wood to do it.

We are in need of more wood! We can find help to cut, split and stack the wood, if you can supply us with logs less than 2 feet in diameter. Please call the office if you are able to fill this need! 717.442.4890

Meet Dominique

Dominique joined us September 18th along with her daughter Diamond who will be 10 months May 15th. She chose to come to House of His Creation in order to complete school and work towards nursing school. She wants to learn more parenting skills and is interested in learning how to write children's books. Dominique loves to read to Diamond after school. Dominique is in 11th grade at Warwick High School and was on the honor roll after her first semester. Dominique just celebrated her 17th birthday on April 4!
